## Meet Chairman Webber

Matt Rooney | June 11, 2009

**Save Jersey was a fan of Jay Webber before it was cool!**

Learn more about the next chairman of the N.J. GOP [by visiting our Jay Webber archives.](#) You'll read about Jay's conservative record during his first term in the State Assembly, as well as his passionate advocacy for free market healthcare reform for New Jersey's citizens.

Like just about everyone else, I'm a little surprised by the Webber pick *but definitely not disappointed*, Save Jerseyans. He has the conservative credentials, natural charisma and, most importantly for a political party chairman, the creative energy to take our N.J. GOP to the next level.

Congratulations and good luck to Assemblyman Webber!
